

# Type 1003B Model A Semiautomatic

**Type 1003B Model A**

**INEXPENSIVE:** The 1003B Model A is Kwik Lok's lowest priced bag closing machine. The Model A uses Kwik Lok's Series "RJ" Striplok® Bag Closures. The closures are available in seven plastic colors and a wide range of lok opening sizes to meet your packaging requirements.

**MAINTENANCE FREE:** The 1003 features a simple and unique design that has eliminated motors, gears and other maintenance demanding parts.

**SIMPLE TO OPERATE:** Even inexperienced operators can soon close up to 30 bags per minute!

Series RJ (Medium Duty) & Series S (Heavy Duty)

Need to print on the closure? See our Models P and BP on the next page!

# Type 1003B Models P & BP Semiautomatic

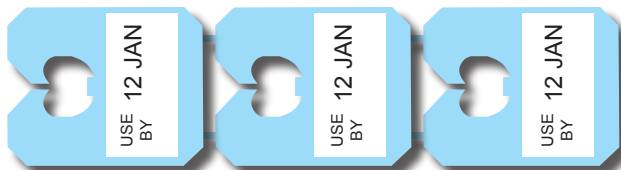

Type 1003A Model P

This machine features a Trodat® printer that uses 'grooved press-on' rubber type. The type is available in individual charters allowing you to customize your printed text. The printer uses disposable ink cartridges, which eliminate handling and spillage of ink. Ink colors available: Black, Red, and Blue  
Part No. P18-000163

Type 1003A Model BP

This machine features a Trodat® band printer. The bands are configured for date coding (SELL BY/USE BY/BEST BY + DATES). The printer uses disposable ink cartridges, which eliminate handling and spillage of ink. Ink colors available: Black, Red.  
Part No. P18-00094

Series RLS (Medium Duty)

These machines use the Series RLS that are manufactured with a pre affixed pressure-sensitive label (3/8" x 3/4" - .95 cm x 1.79 cm). The paper label provides an absorbent surface for printing non-smear data.
