

O87B

Semiautomatic Bag Closing Machine

The Kwik Lok® O87B Semiautomatic Bag Closing Machine uses many of the same closures and closure-labels offered with automatic bag closing machines. The machine is supplied with a table top stand or will also mount to any one inch outside diameter pipe or tube.

STANDARD FEATURES

- Available in both right and left-hand models
- No adjustments required when changing from closures to closure labels
- Powered closure breakoff and advance
- Coated aluminum and stainless steel constructions with ABS plastic covers
- Models available for medium or heavy-duty closures.

TYPICAL APPLICATIONS

- Hand packing lines
